

RICH readiness for RUN-15

✧ HV & LV

- ✓ Stay ON anytime (follow the standing order).

✧ PMT status

- ✓ # of Dead channels = 54 (West) + 36 (East) = 90 (1.8%)
 - Almost same number of dead channels compared to those in the past 10 years.

✧ Online monitor & Calibration

- ✓ Working correctly.

✧ RICH LVL1 trigger as a part of ERT (ERT_RICH)

- ✓ Same dead channels with the last run, and the others are working.

✧ Remaining item

- ✓ Check the proper LVL1 latencies for RICH.E & RICH.W after the BBC Time-in with the physics beam.
